LETTINGS POLICY

April 2026

Policy prepared/reviewed by: Siobhan Vethanayagam/ Colin Davis

Policy reviewed and approved by: P&R Committee

Date of approval: April 2026

Date of next review: April 2027

This school is committed to safeguarding and promoting the welfare of children and young people and expects all staff and volunteers to share this commitment

King's Oak Primary is a school at the heart of its community where the sense of wonder in each child is awakened, where each is valued as an individual and where gifts and talents are discovered and achievements are celebrated.

Introduction

King's Oak Primary School ("the School") is keen that its premises, facilities and grounds ("Premises") are used for the benefit of the whole local community. The education of children is the prime purpose of our school; however, we believe education is a lifelong process which should be open and accessible to all. As such, it is the desire of the School that these facilities are made available to local individuals and groups ("Hirers") provided that this does not conflict with the work of the School, the interest of its pupils or the wellbeing and workload of its staff and that such lettings do not create a nuisance.

The School recognises and supports the following principles:

- The Premises represent a significant capital investment and should be fully utilised
- The Premises are a valuable community resource
- Use of the Premises for educational purposes should be given priority when lettings are considered
- Making a profit from private or commercial lettings is desirable, but is not the primary object when letting for educational activities
- Lettings will be considered for a wide range of activities including (but not necessarily limited to) community use for extra-curricular sports, recreation and teaching purposes, after-school and holiday clubs, children's groups, one-off birthday parties and other family-based party bookings

Any lettings of the Premises to outside organisations or individuals, with the exception of political or extremist groups, will be considered with these principles in mind. In this Policy "Premises" means the buildings, facilities and grounds of King's Oak Primary School and "Letting Facilities" means the parts of the Premises which are the subject of any particular Lettings Contract between the Hirer and the School.

Home / Work Life Balance

- The workload of the Site Manager and Deputy Site Manager is protected by employment law and the school agrees that it is not appropriate to expect the Site Manager to undertake frequent evening and weekend work that could impinge on family life or core work duties. However, first refusal on lettings will be offered to the Site Manager before alternative arrangements are sought.
- The Site Manager is not obliged to undertake multiple lets per week that start after 6:00 p.m. or weekend lets on consecutive weekends. The number of evening and weekend lets will be monitored closely so that we do not encroach unreasonably on the Site Manager's time.

Overview

This document details the Lettings Policy and procedures relating to lettings, available facilities and the roles of both the School and the Hirers of the Letting Facilities. It also sets out the current scale of charges.

The School recognises that the terms on which it is appropriate to let any part of the Premises may depend on whether the Hirer is a one-off individual hirer or a commercial and/or repeat hirer. The final decision on compliance with this Lettings Policy lies with the School.

Definition of a Letting

A letting may be defined as:

"Any use of the school buildings, facilities and grounds by parties other than the school and its partners. This may be a community group (such as a local music group or football team), or a commercial organisation (such as the local branch of 'Weight Watchers').".

The following activities fall within the corporate life of the school. These activities are not considered to be lettings and costs arising from these uses are therefore a legitimate charge against the School's delegated budget:

- Governing Body meetings
- Extra-curricular activities for pupils organised by the School
- School performances
- Parents' meetings
- Meetings of the Events Team (Parent/Teacher Association)
- Events organised by the Events Team

Letting applications do not need to be made for the activities as listed above but those involved must ensure that the Site Manager is aware of these, particularly if they take place in the evenings.

Insurance

The public liability insurance provided by the Local Authority already insures schools against claims for injury or damage to members of the public that may arise due to negligence.

All organisations wishing to use any part of the Premises should have their own public liability insurance to cover them for any services and activities they provide on the Premises as a whole (including but not limited to the Letting Facilities), and must have their own employers' liability insurance if employing staff or volunteers. The original insurance document should be seen by the School at the time of entering into the Lettings Contract and a copy taken by the School and kept on file.

All private hirers should ensure they are separately covered for their liability to their clients or guests and we would recommend that the Hirer check that all businesses and service providers providing goods or services to the Hirer (e.g. party entertainers) have suitable valid insurance coverage in place.

Safeguarding

All Hirers (with the exception of family events) providing services to children, whether pupils at the school or others, must have suitable and regularly reviewed policies and procedures in place to ensure children's safety, which are compliant with all applicable legislation and guidance. Such Hirers must provide satisfactory evidence of these to the School as required e.g. Child Protection Policy, DBS Checks.

The School shall have regard to the principles and procedures in its own Safeguarding Policy at all times and will address any potential safeguarding issue associated with any Hirer or letting in accordance with those principles and procedures. A copy of the School's Safeguarding Policy is available on our website in the "Policies" section and all Hirers should familiarise themselves with its terms.

Charges

The Headteacher is responsible for setting charges for the letting of the Premises, in consultation with the Governing Body. The scale of charges will be reviewed annually by the Headteacher. The current charges are available on page 6 of this document.

For the purpose of charging, the Headteacher is empowered to determine to which group any particular prospective Hirer (whether individual or organisation) belongs. The Headteacher is also able to offer any discounts or agree a subsidy for any lettings, as they deem appropriate at their sole discretion. The basis of charging will be determined by the purpose for which a letting is arranged and the facility which is being hired. The minimum hire period will be one hour.

Please note, in accordance with regulations, we are required to charge VAT for some sports lettings in accordance with the table on page 8 of this Policy.

Security

The Headteacher has authority to determine the security risk for each letting and will be responsible for allocating a continuous security presence or other control measure as he/she deems appropriate. The School reserves the right to search people and property where there are security concerns.

Management of Lettings

The Headteacher has delegated day-to-day responsibility for lettings to the School Business Manager who can be contacted at lettings@kop.rbksch.org. Where appropriate, the Headteacher may delegate all or part of this responsibility, such as security, child protection to other members of staff, whilst still retaining overall responsibility for the lettings process. If the School Business Manager has any concern about whether a particular request for a letting is appropriate or not, he/she will consult with the Headteacher.

The Hirer has responsibility for ensuring that any person engaged or in attendance at the Letting Facilities during the period of hire (as the Hirer's guest, participant, employee, subcontractor, service provider or otherwise) is familiar with and undertakes to comply with the terms of this Lettings Policy.

A termly report on lettings will be made by the School Business Manager to the Premises and Resources Committee of the Governing Body and will include information on users, finances, incidents and accidents, enquiries, and any lettings refused.

Considering Applications for Lettings

Individuals or organisations seeking to hire any part of the Premises should approach the School Business Manager who can be contacted at lettings@kop.rbksch.org

A Letting Application Form, attached at Appendix 2 to this Policy and available on the School's website, should be completed at this stage, clearly stating the proposed Letting Facilities, booking details and associated access arrangements to and from, and within, the Premises. A record of all enquiries should be kept on file.

The Headteacher (or delegate) will consider the Letting Application Form and raise any queries and/or make any requests for additional information as soon as reasonably practicable. Any changes which the Headteacher (or delegate) requires to be made to the proposed letting will be noted on the Letting Application Form which shall subsequently form part of the Lettings Contract between the Hirer and the School.

The Headteacher (or delegate) will decide on the application with consideration to:

- The priorities for lettings agreed by the School and set out in the School's Lettings Policy
- The availability of the facilities and staff
- The School's equal opportunities, health and safety, safeguarding policies and other relevant policies
- The health and safety considerations such as numbers of users, type of activity, access requirements, qualifications of instructors etc. and the requirements of any other Hirers who may be using other Letting Facilities at the same time.
- the likelihood of any damage or nuisance which may be caused or arise at any time as a result of the letting.

Issuing a Lettings Contract

Once a letting has been approved in principle by the Headteacher, confirmation will be sent to the Hirer with a copy of the relevant Terms and Conditions. These form the basis of the Lettings Contract between the Hirer and the School.

The Terms and Conditions should be signed and returned to the School. The School shall be in receipt of a signed copy before a letting takes place. The School will then provide contact details for the relevant Site Manager who will be in attendance at the time of the proposed booking(s) and who will be the Hirer's point of contact during the letting.

The Hirer will be invoiced in accordance with the provisions in the Lettings Policy and the current scale of charges (see Appendix 1). The School reserves the right to require payment in advance. Payment in full will be required for one-off lettings and paid to the School with the Letting Application Form. A deposit for ongoing lettings will be negotiated at the time of the letting confirmation and agreed by the Headteacher. The School may require a refundable deposit over and above the lettings charge, as a surety against damage to the Premises, including any equipment, or the Premises being left in an unacceptable condition, incurring of additional costs for cleaning, caretaking or other expenses.

Agreed deposits for ongoing lettings and payment in full for one-off lettings must be paid within 72 hours of payment being requested by the School. Failure to pay the deposit within this time will result in the letting becoming void. The decision as to whether a deposit is refunded rests with the Headteacher. Recovery via such deposit for any such losses is without prejudice to the School's right to claim against a Hirer for any damage to the Premises and/or the Letting Facilities caused accidentally, wilfully or negligently and such Hirer shall indemnify the School in relation to such losses.

An official receipt will be issued for all payments received. All lettings fees received will be paid into the School's bank account. The income and expenditure relating to lettings should be clearly recorded by the School and reported in accordance with all relevant local authority guidance.

The Headteacher has the right to refuse an application, and no letting should be regarded as "booked" until approval has been given in writing and payment received in full (unless agreed otherwise).

The reason for any refusals should be recorded on the bottom of the Letting Application Form and fully explained to the enquirer.

Site Management Responsibilities

- The Site Manager will be responsible the locking and unlocking of the building(s)/site, for supervising on site for the duration of the letting, ensuring that all Hirers comply with the signing in and out procedures and ensuring that all Hirers have been informed of the fire evacuation/first aid procedures.
